## The Planning Team

## Planning Team Experience

# **Auburn Parks & Recreation Master Plan**

Project Process & Department Overview

### **Master Plan Process**

#### Where Are We Today?

Park and facility assessments

Programs and services assessments

Levels of services standards

**GIS** mapping

#### Where Are We Going Tomorrow?

Community engagement needs analysis

Demographics & recreation trends analysis review

Needs prioritization

#### How Do We Get There?

Capital development planning

Financial planning

Funding and revenue planning

Strategic action plan implementation

## Parks and Recreation Department Overview

- Over 150 acres of parkland
- Five Community Parks (6.2 66 acres):
  - Eckhart Park, Memorial Park, Rieke Park, Smith Acres Park and Thomas
     Park
- Five Neighborhood Parks (0.67 9.8 acres):
  - Forrest Park, Riley Park, DeSoto Park, Willennar Park, and Don Lash Park
- Four Special Recreation Areas:
  - Courtyard Park, Carr Fields, Eckhart Park Disc Golf Course, and Auburn Gear Park – to be developed
- Eight full-time staff and seven part-time and seasonal
- Wide variety of programs and community events

## **Auburn Parks & Recreation Master Plan**

Auburn Demographics

## **Demographic Findings**

#### **POPULATION:**

> 13,661 residents in 2020

> 0.65% Avg Annual Growth since 2010

> 14,810 residents in 2035

#### AGE

> Median age: 39.4

Largest age segment: 35-54

> 55+ slow increase by 2035

#### **RACE/ETHNICITY**

> 96% White

> 1% Black / African American

> 3% Hispanic / Latino

#### INCOME

Median household income: \$52,276

> Per capita income: \$29,325

Market Potential Index

## **General Sports MPI**

- Fishing 132
- ➤ Softball 110
- Volleyball 103
- Horseback Riding 103
- ➤ Baseball 102
- Football 100

# **Auburn Parks & Recreation Master Plan**

Community Engagement

## **Community Engagement Summary**

## 671 Participants

- Conducted 9 focus groups
  - Including 1 Steering Committee and 1 Staff
- 51 Stakeholders Interviewed
- 2 Public Forums (In-person & Virtual)
  - Live Polling
  - 167 Community Members

#### **Surveys - Community Input**

- Statistically Valid Surveys
   Completed: 355
- Online Surveys Completed: 98
- Open just over a month

## Youth Survey

#### Powered by:

https://www.surveymonkey.com/r/Auburnyouthsurvey

# Stakeholder Input Emerging Themes

Improve parks

Replace play equipment

Miss having a pool

Want a splash play

Outdoor adventure

Activities for children

## **Auburn Parks & Recreation Master Plan**

Statistically Valid Survey

Survey & U.S. Census Demographic Comparison -Gender

To reach statistical validity, the demographics of the survey must mirror the community within the margin of error, limiting over-representation.

# Survey & U.S. Census Demographic Comparison - Ages

This is comparing ages of people in households that participated in the survey to the U.S. Census ages of households in Auburn.

# Parks with most Visitation

Rieke Park 69.6%

Eckhart Park 61.4 %

Rieke Park Lodge 25.9%

Smith Acres Park 23.9%

Thomas Park 22.5%

# Parks/Facilities Rating

Responses are used to explore opportunities with the amenities the public identify as top priority investment.

## Program Participation

12.4% participation in programming is not uncommon when you consider that program offerings have only recently became part of the Parks Department's services.

City of Auburn Parks and Recreation Needs Assessment: Findings Report (2021)

# Q2. Have you or other members of your household participated in any recreation programs offered by the City of Auburn during the past 12-months?

©2021 ETC Institute

### Program **Participant** Retention

60.4% of respondents participate in more than one program a year.

City of Auburn Parks and Recreation Needs Assessment: Findings Report (2021)

Q2a. Approximately how many different recreation programs offered by the City of Auburn have you or members of your household participated in over the past 12 months?

by percentage of respondents who have participated in City of Auburn programs (excluding don't knows)

Page 5

## Reasons Residents Participate

## Three primary reasons are:

- Location
- Quality of program
- Quality of facility

## Q2b. What are the three primary reasons why your household has participated in City of Auburn programs?

by percentage of respondents who have participated in City of Auburn programs (three choices could be selected)

### **Program Quality**

Auburn ranks higher than the national average:

- Excellent 22%
- Good: 56%

#### Facebook is the Preferred Source of Information

### Greatest Barriers to Participation that can be addressed by the City:

- I do not know what is being offered 36.1%
- I do not know locations of facilities (11.8%)
- Program times are not convenient (11.0%)

#### Q5. Potential Reasons That Prevent Residents From Using Parks, Recreation Facilities, and Programs of the City of Auburn More Often

by percentage of respondents (multiple choices could be selected)

O2021 ETC institute Page 10

# City tops the list of service providers used by residents

City Parks & Recreation Department tops the list (46.8%) followed by the YMCA (39.2).

While the YMCA serves a good percentage of residents, there is still approximately 60% (a majority) that are not served by the provider that have quality of life needs.

## Benefits of parks and recreation the city should communicate

- Increase property values
- Crime reduction
- Economic development
- Volunteer opportunities

City of Auburn Parks and Recreation Needs Assessment: Findings Report (2021)

## Q7. Residents' Level of Agreement with Statements About Potential Benefits of the City's Parks, Facilities, and Recreation Programs or Services

by percentage of respondents who strongly agree/agree with the statement (excluding don't knows)

# Trails top the list for resident's level of support and resident's willingness to fund

# Financial Priorities

- Other
- Develop new walking/biking trails
- Improvements/maintenance of existing
- Winter recreation opportunities
- Restrooms

City of Auburn Parks and Recreation Needs Assessment: Findings Report (2021)

# Q16. If you had a budget of \$100 for services provided by the City of Auburn Parks and Recreation Department, how would you allocate the funds among these categories?

by percentage of respondents

# Perception of Parks, Trails & Open Space (COVID-19)

56% of residents perceive the value of parks trails and open space to have increased with indoor restrictions due to the pandemic.

## Preferred Future Funding Based on Perceived Value

49% of respondents would like to see funding increased and 31.3% would like to see it at least maintained.

City of Auburn Parks and Recreation Needs Assessment: Findings Report (2021)

## Q18. Based on your perception of value in question 17, how would you want the City of Auburn to fund future parks, recreation, trails and open space needs?

by percentage of respondents (excluding don't knows)

# Overall Satisfaction Received from Department

73.6% of respondents are very to somewhat satisfied with the overall value received from Auburn Parks and Recreation.

City of Auburn Parks and Recreation Needs Assessment: Findings Report (2021)

## Q19. Households' Level of Satisfaction with the Overall Value They Receive From the City of Auburn Parks and Recreation Department

by percentage of respondents (excluding don't knows)

Program Assessment

## Core Program Areas

Existing Core Program Areas					
Adult Programs	Youth Camps				
Senior Programs	Youth Programs				
Special / Community Events	Virtual Programs				
Softball					

More than the recommended level of fresh programming since the service is relatively new.

Lifecycle Distribution									
Lifecycle Stage	Description	Actual Program  Distribution		Recommended Distribution					
Introduction	New program; modest participation	48%							
Take-Off	Rapid participation growth	cipation growth 24% 82%							
Growth	Moderate, but consistent population growth	10%							
Mature	Slow participation growth	3%	3%	40% total					
Saturation	Minimal to no participation growth; extreme competition	4%	15%	0-10% total					
Decline	Decline participation	10%	1370	0-1078 total					

## Over 100 individual programs were evaluated

## Program Findings

- Age segments are well served
- Variety of programming adds value to community
- Volunteer program is beneficial with park improvements
- Marketing has improved, use methods identified by residents
- Knowing the cost of service will help set pricing
- Partnerships benefit community
- Support for programming:
  - Fitness/wellness, nature, trips, outdoor adventure, senior programs
- Additional part-time staff are needed to align programming with community need

# **Auburn Parks & Recreation Master Plan**

Park & Facility Assessment

# Site/Facility Findings

- Repurpose underutilized & aging amenities of the system
- Develop a park system-wide sign graphic design standard
- Increase maintenance standards
- Develop ADA pathways to key areas of interest, especially gathering spaces
- Increase trail connectivity
- Enhance shelters, picnic areas and gathering spaces

# Site/Facility Findings

- Plant next generation trees, maintain vegetation/erosion along creek
- Create design standards to only use native plantings
- Create beautiful views (face assets toward natural areas)
- Develop restroom design standards
- Develop loop trails in parks
- Update playgrounds

# **Auburn Parks & Recreation Master Plan**

Level of Service

Both the city and other providers in the community have a higher level of service with parkland acres per 1,000 residents (13.92 and 21.5 respectively). Both are higher than National **Recreation and Parks Association average** of 9.9 acres per 1,000 people

2018 Inventory - Developed Facilities												
Inventory:	Auburn	County	YMCA	Schools	Other	Total Inventory	Current Service Level based upon populatio

2026 Estimated Population	14,810											

# **Auburn Parks & Recreation Master Plan**

**Asset Mapping** 

## **Community Parks**

Community parks are well distributed with gaps in the southeast, southwest and northeast and west that could be provided for better with smaller parks.

Large community parks ranked low as a priority investment rating (PIR)

## Neighborhood Parks

Neighborhood parks have good distribution with a gap in the west where the mobile home development is located. It is worth noting the development has a small neighborhood park at Susan and Donald Streets.

Neighborhood parks ranked low as a priority investment rating (PIR)

#### Paved Trails

Paved Trails connect many neighborhoods to various areas of the city including downtown. Important to work with developers, residents and other public providers to increase trails.

Trails are the highest priority investment rating (PIR).

### **Ball Diamonds**

Ball diamonds are currently serving more than the city residents with adding Rieke Park to the system with eight ball diamonds.

Ball diamonds ranked low as a priority investment rating (PIR)

### Disc Golf

Disc golf currently serves the community well. A need to increase the level of service is anticipated with population increases.

Disc golf ranked low as a priority investment rating (PIR)

## Dog Parks

The dog park currently serve the community well. There is not an anticipated need in the near future.

Dog parks ranked medium as a priority investment rating (PIR)

# Indoor Aquatics Space

The YMCA is currently the only provider of recreational indoor aquatics for the city. There was not a need identified from all of the public input.

Indoor pool ranked medium as a priority investment rating (PIR)

## Outdoor Basketball

Outdoor basketball courts are currently located in the more densely populated areas of the city.

Outdoor basketball courts ranked very low in the priority investment rating (PIR)

#### Picnic Shelters

Picnic shelters are well distributed and serving the community. A couple of gaps exist in the northeast and southwest. These may be better served in existing parks without a shelter.

Picnic shelters ranked medium in the priority investment rating (PIR)

# Playground (Youth & Tot)

Playgrounds currently serve the community well. However, there are some playgrounds that are aging and will need to be replaced soon.

Playgrounds ranked medium in the priority investment rating (PIR)

## Rectangular Fields

Rectangular fields serve the community well when factoring in the city owned and YMCA owned fields.

Rectangular fields ranked the lowest in the priority investment rating (PIR)

#### Skate Park

The skate park currently serves more than the community. The level of quality has increase use from other communities in the county and Allen County.

Skate park ranked very low in the priority investment rating (PIR) since a new one already exists.

## Splashpad

The YMCA splashpad currently has the ability to serve a good portion of the community. However, 60% of respondents of the survey do not use the YMCA.

Splashpads ranked very high in the priority investment rating (PIR)

## Waterway Access

Waterway access is currently north of the city. There are opportunities to look at developing another access point.

Kayaking/canoeing access ranked high in the priority investment rating (PIR)

## Next Steps

- Funding and Revenue Strategies
- Capital Improvement Plan
- Visioning and Action Plan
- ➤ Draft Submittal to IDNR January 15, 2022
- Recommendation Presentation
- Final Report Submittal to IDNR April 15, 2022
